

##CRISCa- Governance and Risk Management Concepts

###Objectives:

At the end of this episode, I will be able to understand:

1. Reviewing the business process:
 - Examines the effectiveness of the business in meeting its goals
 - Requires input from knowledgeable people from all departments
 - You may also bring in external experts (consultants)
2. The steps to review a business process are:
 - Document and evaluate the current processes
 - Identify any potential changes
 - Schedule and implement the changes
 - Gain feedback and evaluate
3. Remember that with Business Process Reviews:
 - Outdated business processes introduce risk
 - Periodic review of critical processes should be mandatory
 - Updates should be performed as appropriate

Additional resources used during the episode can be obtained using the download link on the overview episode.
