

##CRISCa- Governance and Risk Management Concepts

###Objectives:

At the end of this episode, I will be able to understand:

1. Policies provide direction on acceptable behaviors and actions
2. Standards and procedures support the requirements of policies
3. All three are needed for risk management
4. Standards are:
 - *Mandatory requirements
 - *Code of Practice
 - *Might be based on external standards (ISO, etc)
 - *Might be based internally
5. Procedures are:
 - *More granular than standards
 - *Support implementation of standards
 - *The "How to" for standards
6. Exceptions can occur and must be dealt with
7. Exceptions MUST be documented
8. Exceptions are only allowed through a formal process

Additional resources used during the episode can be obtained using the download link on the overview episode.
